

## COMPANY INFORMATION

The **Freedown Food Company** is a well-established source importer of exceptional meats with outstanding taste. We supply restaurants, wholesalers and catering outfits on a daily basis and nationally across London.

We are lead UK distributors of **Wagyu Beef, U.S. Grain Fed Beef, Duke of Berkshire Pork** and many other exceptional meats from around the world including **Kangaroo, Ostrich and Wild Boar**.

For many years we have been UK agents for Southern Game Meat (Australia's foremost producer of game meats) and for *Camdeboo* (South Africa's largest supplier of game meat) who have now been acquired by the largest producer of ostrich meat in the world.

Smaller wholesale and food service orders are processed from our London base, whilst pallet quantity wholesale and export orders are despatched from our West Country coldstore. We also fulfil individual customer orders via our website.
